

The Sri Chinmoy Oneness-Home Peace Run
Opening Ceremonies, 21 April 1989
World Trade Center

H.E. Dr. Lamuel A. Stanislaus
Permanent Representative of Grenada to the United Nations

"In the pursuit of peace we should walk and not be weary; we should run and not be exhausted, for indeed, we are witnessing here this morning so many different countries giving testimony to the goal of peace through sport. It is through the universal vehicle of sports that the world stands the best chance of attaining the universal goal of brotherhood.

"Continue the good work and remember, we must first have peace in our hearts and then we will be able to give peace to others--peace, love and brotherhood."
